<p>Men and Abortion A.T.Coyle</p> 	<p>This is the only book written specifically for men who have been hurt by a personal abortion experience. It is based on research carried out by the author in which a program for post-abortion men was developed, tested, and found to be effective. The book focuses on specific problems which may be experienced by post-abortion men including anger, helplessness, guilt, relationship problems, and grief. The steps of the healing process are described in terms of each of these problems. While the book was written primarily for post-abortion men, their families, friends, and those who counsel them may also find it to be useful.</p>	<p><a href="https://www.amazon.com.au/Men-Abortion-Path-Healing/dp/0919225233">https://www.amazon.com.au/Men-Abortion-Path-Healing/dp/0919225233</a></p>

<p>Healing the Father : Chris Rainey</p> 	<p>Emotional and Spiritual Freedom for the Post-Abortive Man. Considerable attention is given to the post-abortive woman, but what about the man?? Just like the woman, the man can experience guilt, regret and emotional trauma over his involvement with the abortion. However, the man is often ignored or forgotten, left to deal with the emotional fallout of guilt and regret he might carry with him into all aspects of his life. Healing the Father contrasts the post-abortive woman's experience from that of a man and goes on to offer the post-abortive man peace and comfort available through the miracle of forgiveness. He does not have to carry the guilt and regret from that past experience. In this book, actual life stories are presented of individual abortion experiences, including the author's own experience. Through the principals and stories shared, post-abortive men can discover emotional and spiritual freedom through the power of forgiveness.</p>	<p><a href="#">Healing the Father: Emotional and Spiritual Freedom for the Post-Abortive Man: Rainey, Chris: 9781729584989: Amazon.com: Books</a></p>
